NOTES:

- Target butt lifespans listed above are estimates based on an average use of 10 days of archery classes per school year. Heavier usage including after school programs will reduce school programs will reduce this lifespan.
- Subsidies are occasionally available from local service groups.
- Multiple schools may share the equipment to reduce the upfront cost for each school.
- Please call for an adjusted quote if your school already has a net, bowrack or targets.
- Prices are subject to change.
